

## **Topaz Analyzer Series**

Online water analyzer for the automatic monitoring of a variety of parameters.

Single parameter monitoring of aluminum, ammonium, chlorides, COD, color, manganese, phenol, silica, total alkalinity, total hardness and total iron (dissolved) in different applications.

## **Topaz Analyzers**

Topaz Aluminum

**Topaz Ammonium** 

**Topaz Chlorides** 

Topaz COD (Permanganate Index)

**Topaz Color** 

Topaz Manganese

Topaz Phenol

Topaz Silica

**Topaz Total Alkalinity** 

Topaz Total Hardness (dissolved)

Topaz Total Iron

202106

## **Topaz – The all-purpose water analyzer series.**

One platform. 4 methods. Numerous applications.

Absorption.
Colorimetry.
Potentiometry.
Titrimetry.

## **Range of Applications**

The Topaz series is an all-purpose analyzer series which meets the demand of a wide range of applications.

	Measure- ment Method	Surface Water	Potable Water	Process Water	Demin Water Production	Wastewater	Effluents
Topaz Aluminum	Colorimetry						
Topaz Ammonium	Colorimetry						
Topaz Chlorides	Potentiometry						
Topaz COD (Permanganate Index)	Titration	•					
Topaz Color	Absorption						
Topaz Manganese	Colorimetry	•				•	
Topaz Phenol	Colorimetry						
Topaz Silica	Colorimetry	•					
Topaz Total Alkalinity	Titration				•		
Topaz Total Hardness	Titration						
Topaz Total Iron	Colorimetry	•				•
